

Parents must fill out the Parent Portal Registration Form and return it to their child's school. Parents must present a state-issued photo ID in order for designated school personnel to release the parent letter which contains their login ID and password.

Please complete the two-page document below.

PowerParent Portal Registration Form

For security purposes, you must complete this form in person. Once you are registered, you will be given login instructions, a password, and information. You may access the PowerParent Portal on the Warren Woods Tower Website. Go to <http://www.warrenwoods.misd.net> and click schools, then select Warren Woods Tower. At the home page on the PowerParent button in the left column.

Please Check the Appropriate Item(s): Sign Web Access Agreement on the opposite side of this form.

- I am registering for the first time.
- Update my information in PowerParent (for example: mailing address, etc. has been changed).
- Reset my login password.

DISTRICT WEB ACCESS AGREEMENT

A District web access account permits parents/guardians to access confidential student attendance and academic information for their student(s). To safeguard this confidential information, it is imperative that the parents/guardians protect the password system designed to provide access to their student's information. The District will not provide this information to any person other than a legal parent or guardian of the child.

To establish an access account with the District, the parent/guardian must provide the District with his/her e-mail address. The e-mail address will be kept confidential and only be available to District faculty members and administrators who have a legitimate, school related need for such information. The District will not provide students with access to your e-mail address. The e-mail address is a safeguard to restrict unauthorized access. Only that address will be recognized by the system, and attempts to log in from other sources will not be successful.

Once an access account has been activated, it will only remain secure if the password and account information are not shared with others. Anyone to whom the password or account information is provided will have the ability to access the student's confidential attendance and academic records. Therefore, it is important that this access information be kept secure, and not shared with others. The District cannot and will not be responsible for any disclosure of information that occurs as a result, directly or indirectly, of the parent/guardian or student's failure to safeguard the access information.

List Student Names:

I have read, understand, and agree to the conditions described above for an access account. I agree that it is my responsibility to safeguard this account and password information at all times until the access account is closed. I agree to notify the District in writing if I choose to close my access account.
