Dear Warren Woods Community,

This letter is to inform you of a recent cybersecurity incident that impacted PowerSchool, a company that provides our school district with student information management software. We understand that on December 28, 2024, PowerSchool discovered unauthorized access to certain customer data, however we have been informed that it did **NOT** impact our district data.

As always, our #1 priority is to ensure the safety and security of our students and staff. Should we receive further information we will share as applicable.

Please do not hesitate to reach out to me if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Kevin M. Hustek".
